Jade was running across the battlefield; she only had one goal in mind, and that was to save Master Chief. Everything seemed to slow down as she was heading towards him. Thinking back she remembered when they first met and he had a smirk on his face.

When I see your smile

Tears run down my face, I can't replace

And now that I'm strong I have figured out

How this world turns cold and it breaks through my soul

And I know I'll find it deep inside me I can be the one

Looking ahead she shot at grunts, elites and brutes just to clear a path. Jade smiled at another memory from their second mission together. Master Chief was ahead checking out the area, when the ground gave in, and he fell off the side of the cliff. Jade was in a banshee and flew by and caught him, over the com she said, "Don't worry, I got you."

I will never let you fall

I'll stand up with you forever

I'll be there for you through it all

Even if saving you sends me to heaven

Jade was grabbed by the shoulder and was thrown back. Quickly getting on her feet she pulled out her knife, glaring at the general elite. "I have to save the man I love and you're preventing me from doing so!" Yelling at the elite pissed him off and he charged at her. Smirking Jade jumped over the elite and slit his throat. Turning around she continued running getting closer to Chief. Jade remembered one night she was sitting outside looking at the stars. Chief joined her and they sat there enjoying each others company.

_It's okay, __it's okay, it's okay_

Seasons are changing

And waves are crashing

And stars are falling all for us

Days grow longer and nights grow shorter

I can show you I'll be the one

Another memory flooded her mind as she shot a brute about to hit Chief. She was climbing up a wall and lost her grip. Falling she waited for her to hit the ground, but it never came. When she opened her eyes Chief was holding her in his arms and said, "Don't worry, I got you."

I will never let you fall

I'll stand up with you forever

I'll be there for you through it all

Even if saving you sends me to heaven

Jade finally reached Chief and blocked a brute trying to assassinate him. Grabbing her knife she stabbed the brute and watched him fall. Turning around her and Chief stared at each other; in that moment it was only them.

Cause you're my, you're my, my, my true love

My whole heart

Please don't throw that away

Cause I'm here for you

Please don't walk away and

Please tell me you'll stay

Looking over Chief's shoulder she saw an elite swordsman running towards them. Grabbing him by the shoulders, she spun them around and pushed him away. Jade felt the sword go through her chest and fell to

the ground. She saw Chief shoot the elite and fell to his knees and held her.

"Don't you dare die Jade!" He pushed her hair out of her face.

"Chiefâ€¦.Iâ€¦" Jade coughed and started trembling.

Use me as you will

Pull my strings just for a thrill

And know I'll be okay

Though my skies are turning gray

Jade put a hand on her chest and smiled at Chief. He grabbed her hand, "Don't say anything, save your strength."

Shaking her head she used her free hand, and touched the side of his helmet where his cheek was. Lifting herself up she kissed his visor, "I love youâ€¦" After that was said she lost consciousness.

I will never let you fall

I'll stand up with you forever

I'll be there for you through it all

Even if saving you sends me to heaven

Chief caressed the left side of her cheek and whispered, "I love you too."
